

Notice & Note Signpost Swoops

The idea that one signpost leads to the next.

Examples:

2 signposts:

AHA → CC (Character comes to an AHA on their own, then we see a CC)

3 signposts:

WW → AHA → CC (Character receives WW, has an AHA, then we see CC)

TQ → AHA → CC (Character is asked or asks a TQ, has an AHA, then we see CC)

MM → AHA → CC (Character has a MM, has an AHA, then we see CC)

MM/WW → AHA → CC (Character has a MM that was a WW, has an AHA, then we see CC)

4 signposts:

WW → TQ → AHA → CC (Character gets a WW, isn't ready to really hear the advice given, asks himself a TQ, has an AHA, then we see CC)

MM → TQ → AHA → CC (Character has a MM, asks himself a TQ, has an AHA, then we see CC)

TQ → MM → AHA → CC (Character is asked or asks a TQ, leads to having a MM, has an AHA, then we see CC)
