Discover fun, adventure,  
and learning through Scouting

Scouting is a year-round program uniquely designed to meet the needs of young people and their families.

The program offers fun and challenging activities that promote character development and physical fitness.

Family involvement is an essential part of the program, and parents are encouraged to play an active role in making the most of the short time they have to impact the lives of their children.

A study conducted by Tufts University found that youth who participate in Scouting exhibit positive character attributes, allowing them to embrace new opportunities, overcome obstacles, and become better prepared for future success.

—  
Wang et al., 2015

With a program expertly tailored to match each age in a young person's life, Cub Scouts learn that even when fun isn't easy, it's always an adventure. In Scouting, everything has a purpose. And it shows kids that doing their best is the most fun of all.
