Attendance

If your child will be absent, leaving early, or coming to class late, please call the Spencer Pointe office or email your child's teacher.

Homework:

Homework will look a little different while we are learning remotely. All math homelinks will be assigned daily and most homelinks will be reviewed in class the following day. We will be practicing our spelling words throughout the week. Students are encouraged to practice spelling words and read each night. Students will be assessed on their spelling words on most Fridays.

Grading:

New Lenox School District has developed and adapted a grading system based on educational research and practices that focuses on specific skills in each subject area. The following letters are used as descriptors of your child's development:

B: Beginning indicates that the child is making an attempt towards achieving mastery of the learning standard for the skill but cannot complete all the tasks independently.

D: Developing indicates that the child shows some understanding. He/she is still working toward achieving the targeted standard. However, errors or misunderstandings still occur. Reminders, hints, and suggestions are needed to promote understanding.

S: Secure indicates that the child has mastered the learning standard and can consistently apply the skill correctly and independently.

All assignments will be graded on your child's Seesaw journal using the commenting feature. Feedback on daily assignments will be given. On assignments used for assessments, I will provide comments using B, D, or S.

Birthday Celebrations:

All birthdays will be recognized during our Zoom Morning Routine meetings. We will sing for each birthday. Weekend birthdays will be celebrated the Friday before.
